

SmartTap Dual-Outlet Kitchen Faucet

Category: Taps & Faucets • Faucets

Product ID: 19

Description

DUAL FUNCTIONALITY: Features two separate water outlets - one for regular tap water and another dedicated spout for RO filtered drinking water, providing versatile usage options

PREMIUM CONSTRUCTION: Crafted from solid brass with a chrome-plated finish for lasting durability and a modern, sophisticated appearance

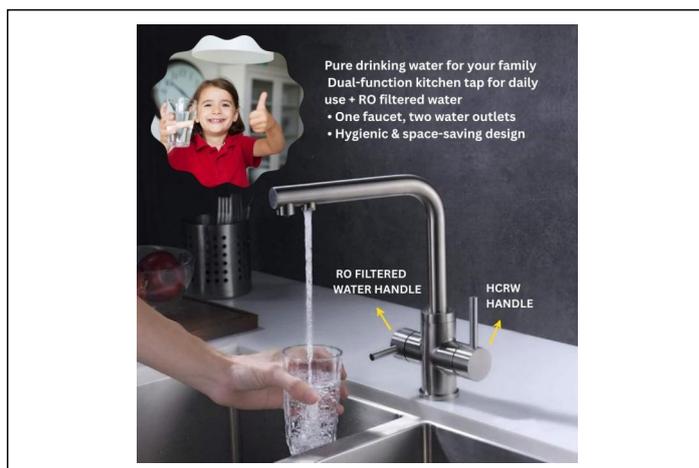

SPACE-SAVING DESIGN: Compact, table-mounted configuration efficiently combines two water sources in one fixture, perfect for contemporary kitchen settings

ERGONOMIC CONTROLS: Separate handles for RO filtered water and regular tap water ensure easy operation and precise flow control

HYGIENIC SOLUTION: Separate water channels prevent cross-contamination between filtered and unfiltered water, maintaining water purity

360 Swivel
